EDENBURG HOSPITALITY

Edenburg Hospitality is leading the industry as one of the fastest growing hospitality firms based in the US. Worldwide, we have specialized in projects from boutique historic hotels to large resorts and casinos for over 30 years, with installations across Europe, North America, South America, Caribbean and Asia.

Our goal is to strategize your specifications to perfection, for new construction or renovations of all sizes. Before work begins, we accompany clientele to the job site and review plans, including field measurements and the setup of model rooms. Also, we supervise all installation and perform full inspection to exceed your expectations.

With over 300 hotel installations worldwide, we guarantee the quality of our work. We are here to help you with your next project. No project is too small or too large. Your trusted Edenburg team is ready to facilitate when time is of the essence, and results are of the utmost importance.

HYATT®

CLIENTS

Edenburg Hospitality manufactures doors, wardrobes, furnishings, and interior wall paneling to fulfill all FF&E needs.

We strive to deliver a much higher quality product than other manufacturers with a great price to fit within every budget.

We work with natural veneers and lacquers, and assemble all casegoods with German hardware. This is included for lasting durability and to make sure hotels do not have to undergo major renovations. Given our green method of manufacturing, we qualify for LEED projects.

We negotiate and coordinate delivery, warehousing and installation services as needed to ensure a streamlined and timely outcome.
